Timor Awakening 18 -

The Timor Awakening (TA) program is an immersive, evidence based, peer to peer wellbeing program for veterans and their families (ie spouse/defacto or adult child); composing holistic health education, group therapy, mentoring, physical activity and community development. The program aims to provide renewal, holistic health training and contribute and reduce the instance of veteran suicide, domestic violence and detrimental affects of service life on veteran families. TA is a program for veterans willing to be accountable and take responsibility to do the work to move in a positive direction in life. The activities and structure in the program are designed to help each veteran make a positive plan towards purpose, identity, to realise their potential and regain a sense of pride and dignity in their lives.

During Covid, the TA program on the Gold Coast follows the rhythm, structure and ethos of Timor Awakening, based out of St George's Defence Holiday Suites, 192 Marine Parade, Rainbow Bay, with a range of new activities and experiences.

Before completing this form, please visit our website on www.timorawakening.com to gain a deeper understanding about the Timor Awakening program. Past programs, testimonials, media reports, photo galleries and videos are available.

This EOI is the first step in the selection process to determine final participants. It is important that you provide enough information on this form to assist with the paneling process. If this is an outdated EOI, e.g. you were forwarded this from previous participant, please use the latest version which can be found at www.timorawakening.com/participants

- Timor Awakening programs are conceived, coordinated and conducted by veterans for veterans.
- Our programs are available to Australian veterans from any service, from any state, **with or without operational service.**
- In our programs we have 3 expectations: 1. **Be respectful**, 2. **Be safe** and 3. **Be active.**
- Please consider your spouse or adult age child to accompany you * they need to submit their own EOI. (see page 3).
- Priority for this program will be for veterans who have had limited access to veteran support, those who are experiencing personal difficulty, younger veterans and those actively engaged in the veteran / wellness community.
- Veterans who have completed previous TA programs will be considered as reserves and, if qualified, Peer Mentors.
- Timor Awakening is a non-drinking program. Plenty of water, smoothies, kombucha, tea and coffee available.

Timor Awakening is funded with support from Bolton Clarke and RSL QLD.

We acknowledge the volunteer staff at VCA to make this program possible.

Our deepest respect and thanks to the Timor-Leste Government and Timorese veteran community who make our Timor-Leste programs one of the most of unique programs in the world. It is from these rich experiences in Timor-Leste, from the Timorese Veterans and people, that have formed the basis to develop programs now available in Australia.

We invite all veterans and families to join Veterans Care Association and appreciate any support via donation to allow us to continue helping veterans and their families. A membership and donation form are at the following link:

<http://veteranscare.com.au/donate/>

As a final note we would like to emphasize what the program is, and what it is not. TA is an **active** peer-to-peer health and wellness program. Signing up to the program is a commitment to be an active member of the group, to be safe and respectful. The programs include a detailed range of confronting issues and activities for people who are choosing to improve their health and wellbeing. Alcohol will not be available during the program. Coming onto the program with ongoing alcohol or drug dependency is not appropriate timing.

The Timor Awakening program has been a life changing experience for hundreds of veterans and we look forward to meeting you soon.

Kind Regards

VCA Team

Timor Awakening Program Overview

Prepared by Program Director Michael Stone, 1 April 2020

Timor Awakening (TA) is an immersive, evidence based, peer to peer wellbeing program for veterans; composing holistic health education, group therapy, mentoring, physical activity, historical commemoration and community development. The program is centred around an 11-day immersion in Timor-Leste, creating a disruption from participant's routine to take pause, learn about themselves and seize responsibility for a positive direction forward in life. Timor Awakening is available to Australian Veterans (and spouse or carer), from any state, with or without operational service. The aim of Timor Awakening is to prevent veteran suicide and improve the wellbeing of veterans and their families. Timor Awakening has a comprehensive medical support team from all streams of the mental health community. Every Timor Awakening participant conducts a range of data collection based on internationally accepted metrics for mental health contributing to detailed quantitative and qualitative reporting on each program.

By attending the program veterans have elected to participate in their own rescue, taking responsibility for the life they want. The program is intensive and obliges participants to be active in a peer group, whilst facilitating reflection time and individual mentoring. A range of stimulating activities and environments provide fertile ground for healing, growth and development. Our veteran facilitators, who are active participants on each program, demonstrate the value of becoming a healer of others and are examples that post traumatic growth is possible. The endstate of Timor Awakening is to have inspired and informed veterans empowered with tools for positive change and linked to the array of veteran resources available in Australia.

Timor Awakening embodies the relationship between Australian soldiers and the people of Timor-Leste forged in World War 2 promoting honourable values, shared identity & unified purpose. Timor-Leste, as a nation, welcomes Australian veterans of Timor-Awakening, from the President of the Republic down to the local village chief, for what is a unique life changing experience. Timor-Leste veterans provide inspiration, practical tools and lessons in overcoming trauma and re-establishing purposeful lives. With 24 years of war and oppression the Timorese veterans are world leaders in resilience, courage and discipline, and it is profound that their choice to forgive their enemies has set them free to continue serving their people with extremely low instance of PTSD and other mental illness. There are cognitive benefits for veterans to return to a former conflict zone, to experience these places through a new perspective and remove the images of anxiety that may be trapped within their minds.

The community engagement and development aspect of Timor Awakening provide veterans a sense of esteem, pride, community, hope and purpose. Riak Retreat is a major educational facility being built funded by Australian Veterans and construction has included cooperation between Australian, New Zealand and Timorese Veterans.

The program was developed in 2016 as a response to the increasing suicide crisis, as well as diminishing mental and physical health, amongst the Australian veteran community. To date over 250 Australian Veterans and partners have participated in Timor Awakening. For more information including forms to nominate to participate visit www.timorawakening.com

Timor Awakening has been possible due to financial support of Bolton Clarke and RSL QLD, along with major volunteer contributions of a number of veterans. Corporate partners are required for the program to continue and share the program with the wider veteran community for both domestic and international programs. **Veterans Care Association has a clear strategic aim to utilise the data and successful interventions of Timor Awakening as a model for Department of Veterans Affairs to commit to funding wellness intervention to prevent veteran suicide, broken families and injured veterans. Wellness intervention will result in considerable government budget savings compared to \$ spent on 'sickness' treatment, pensions and medication, as well as increase health and wellbeing of veterans and their families, save lives, and meaningfully re-engage some of the nation's most energetic and capable members of society.** In the soul of the veteran is a need to serve, to be of value, to contribute and to belong.
